Better, Greener Commuting

Serving Irvine Spectrum Since 1985

What Spectrumotion Does

Spectrumotion is a free, non-profit, rideshare association that helps employers, employees, residents, and students with commuting options to the Irvine Spectrum area.

Benefits to Ridesharing

We consider ridesharing anything aside from driving alone to and from work.

- Save time
- Save on gas
- Reduce stress
- Save on vehicle wear and tear
- Better for the environment

Commuter Incentives

In the office full-time or hybrid, employees can take advantage of our commute mode incentives.

- Metrolink Pass
- Carpool Gas Card
- OCTA Bus Pass
- Month of Vanpool

Emergency Ride Home Program: Employees who rideshare won't be stranded at work without a car.

Commute Assistance as an Employee Benefit

Spectrumotion helps employers offer commuting solutions as a benefit to working in the Irvine Spectrum area. Increase employee morale, increase productivity!

- Be a green/socially responsible company
- Attract and retain employees (especially those with long commutes)
- Tax saving options for commuters and employers

AQMD Rule 2202

Employers with over 250 employees are required to comply with the South Coast Air Quality Management District's (AQMD) Regional Clean Air Mandate.

Spectrumotion will guide you through the Rule selection and employee survey process, which could save your company thousands annually.

How It Works

Since 1985, Irvine Spectrum property owners have funded Spectrumotion as a way to help maintain the quality of life in the Irvine Spectrum by reducing traffic.

This forward-thinking means that Spectrumotion is free to employers and their employees.
